

FESTIVAL OF VOICES

Tasmania (Australia) :: July 1-11, 2018

A few years ago, Brian Eno suggested that those moments when you sing collectively you stop thinking about 'me' and start thinking about 'us.'

THE FESTIVAL

The “Festival of Voices” transforms Tasmania’s towns into singing cities every July. As Australia’s premier celebration of the voice, the Festival attracts thousands of singers, choristers and music lovers, for the chance to hear harmonies soaring in concert halls, theatres and public spaces across the state. The Festival is proud to bring some of the most respected singers from across Australia and overseas to this tiny island’s shores. For eleven years the “Festival of Voices” has presented a remarkable program of performances and - uniquely - vocal workshops run by critically acclaimed artists, creating a Festival experience like no other.

TASMANIA (AUSTRALIA)

First impressions of Australia’s most southern, island capital are powerful. Remarkably natural in both landscape and character, there’s a charm from the past that is unaffected by a progressive personality. And yet, Hobart is a city with a global following. This is a place blessed by nature, from the breathtaking Mount Wellington, to the vastness of the River Derwent at its hem. Existing in harmony with this amazing landscape is a compact city packed with culture and character boasting quality museums, galleries and Australia’s oldest theatre, convict landmarks established during the settlement of Tasmania’s first colony and Australia’s first brewery.

THE ORGANIZERS :: Perform International

“Building Bridges and Transforming Lives through the Power of Music”

Boldly informed by the belief that music inherently speaks as an expression of the human spirit beyond borders and in all cultures, **Perform International** seeks to empower music directors and ensembles to realize meaningful and life-changing immersion experiences and performances around the world.

- We empower music directors, music ensembles and individual musicians to share and grow in their artistic expression and understanding of people and cultures.
- We design and create rewarding performances as well as educational and cultural immersion opportunities by building and maintaining relationships with domestic and international musicians and music education organizations.
- We partner with concert venues, publicity teams, airlines, hotels, and tour guides to plan and implement operational methods that enhance rather than distract from the artistic experience.
- We provide meaningful and life-changing performance tour experiences that are personal, thoughtful, and efficient in the processes of conceptual artistic and educational development.
